Internationale Wochen gegen Rassismus vom 11. März bis 24. März 2024

#BewegtGegenRassismus SPORT AND MOVEMENT AGAINST RACISM

Sport is connecting! Sport is colorful! Sport is diverse!

Doing sports together builds bridges and overcomes prejudices. We spread our message through sport and movement: **We move together – against racism and for 100% human dignity!**

The German Soccer-Federation ("Deutscher Fußball-Bund", short: DFB), the DFL – Foundation, the German Sports-Youth in the DOSB (dsj), the organization "Pink gegen Rassismus" (Pink against racism) and the Foundation against Racism encourage all of you to organize sport events as part of the International Weeks against Racism for our common message, especially on the 16th march, 2024, the action day #bewegtgegenrassismus (move against racism).

Every year in march we raise attention with thousands of projects and actions on the diverse engagement in our society against racism and group related misanthropy.

Movement, no matter if together or alone, is a perfect way of showing a clear and loud sign and gives a lot of space for many different projects.

We thank everyone who takes part in the International Weeks against Racism!
